

Load In Instructions

6:00 – 8:30 PM

Please do not arrive early, there is very limited parking/access to the load in area.

Please follow the attached map to get to the load in area. It is highly recommended that you do NOT proceed south on University from I-74. The right turn from University to Main is very tight and difficult for buses, trucks and trailers.

Turn south on A.J. Robertson/Maplewood Ave and follow the signs and volunteer instructions. You will be proceeding to the end of the lane BEFORE unloading. You may be directed to a secondary unloading zone.

Please do NOT unload until you are instructed to do so.

When you reach the unload zone, the driver should remain in the vehicle. A load-in crew will assist your up to 5 team members to unload your vehicle. As soon as your vehicle is empty, the driver should proceed to the parking area.

Trailers and Buses should avoid this intersection when heading south

Bus passenger drop off

Main St. Parking Deck
Renaissance Coliseum
